

30%
L-ascorbic acid

more than any other
product in the industry

This multi-tasking polish + mask exfoliates and primes skin for absorption of Vitamin C[†], delivering instant and lasting results with continued use.*

Reveal dramatically brighter, smoother, more youthful-looking skin.

Professional-C™ Microdermabrasion Polish + Mask

- Powerful new formula contains an unparalleled level of L-ascorbic acid
- Unique dual-action technology enhances Vitamin C bioavailability by exfoliating skin before the mask treatment, optimizing absorption and maximizing results
- Leaves skin feeling softer and smoother for days after use
- Unique anhydrous formula helps promote product stability
- Transforms skin from dull to smooth and radiant
- Immediately reveals luminous skin
- Invigorating citrus aroma

2-IN-1 SKIN POLISHING MASK

EXFOLIATE

Warm in hands then scrub a thin, even layer onto clean, damp skin. Exfoliation prepares skin for optimum absorption.

ABSORB

Sit back and relax for 10-15 minutes while Vitamin C is infused into the skin.

GLOW

It's payoff time. Wipe away mask with a soft, wet cloth and water. Reveal the new, radiant you.

After just one application, testing shows reduced signs of aging such as dull complexion, fine lines, and wrinkles.*

After a single use*

- **88%** of participants experienced a more luminous glow
- **84%** of participants reported improved feel of skin's texture
- **80%** of participants reported dramatically smoother, brighter, more youthful-looking skin

98%
of users reported
more youthful-
looking skin*

After 3 weeks of use*

- **96%** of participants experienced smoother and brighter-looking skin
- **91%** of participants experienced restoration of radiant, glowing skin
- **91%** of participants experienced more radiant, glowing skin
- **87%** of participants reported softening appearance of fine lines and wrinkles
